Addendum 1:

The original house was built in 1810 - it consisted of two rooms, the current dining room and the bedroom directly above it. We believe that the rest of the rooms, excluding the kitchen and bathrooms were completed by around 1850. We do not know specifically when the kitchen or bathrooms were added. The house underwent a major renovation in the 1890's when the Davidson family purchased it, converting house from Greek revival to French Victorian.

We added two additional electrical breaker boxes for the house in 2002.

Kitchen remodeled in 2018, including reinforcement of foundation.

19 new windows and blinds installed in the house in 2018. Vantage Point windows by Simonton, 6500 Series. Low-profile tilt latches, double-strength glass.

- A concrete floor was poured in the Left Wing and a retaining wall built in the Right Wing.
- A wall with two pocket doors was built in the Left Wing, dividing a portion of the Left Wing into a separate room.
- A four zone sound system was installed.

In total, the event pavilion is about 6,500 sq ft.

the chapel bathrooms. In addition, concrete was poured from the gate to the street of the back driveway. The remainder of the back driveway is gravel.
